One of the privileges of gardening on the Pacific Coast is winter planting. Trees and shrubs planted in December will be well established before hot, dry weather. Descriptions of native trees and shrubs are given in our catalogue.

We will prepay postage on all plants west of Rockies with exception of the Large Size trees and shrubs, which go by express, transportation collect unless otherwise arranged. We will pay postage (excepting on large trees) to points east of Rockies if order amounts to $2 or more. For a less amount please add 25c postage.

CHRISTMAS SPECIALS FOR DECEMBER PLANTING

THE GROWING GIFT IS THE GRACIOUS GIFT

Order NOW for Christmas giving and for your own planting.
Plant NOW for Spring and Summer beauty.

$1 CHRISTMAS MINIATURE GARDENS

Consisting of 20 dainty evergreen plants, in at least 6 varieties in miniature sizes — wee ferns, delicate, shining-leaved creepers, tiny seedling trees, our fairy-slipper rose orchid, Calypso, and the bronzed or green tufted leaves of other small blooming wildings from Oregon winter woods—all packed in luxuriant living mosses. Enchanting indoor winter gardens may be made of these by planting in dishes, glass bowls, pots, boxes or ferneries. In spring they may be set in the outdoor rockery. Your friends, East and West, will be delighted with them. Two distinct collections can be supplied, containing no duplications. Plant in peat or acid woods soil. Keep moist and in good light but not in hot sun. Suitable soil and mulch sufficient for one garden will be included for 25c.

This is a gift which will give much pleasure to thegarden lover who lives in an apartment house.
